

# Annunci & Eventi - gennaio 2015

📅 28-01-2015 ↗ <http://www.primapagina.sif.it/article/197>

---

## **IYL2015 is here!**

On the occasion of the International Year of Light and Light-based Technologies in 2015 (IYL2015), the Italian Physical Society (SIF) – Golden Associate of the IYL2015 – is acting as “contact hub” for a number of national learned societies and institutions in Italy.

The organization of many events is now moving forward very fast. Let us begin by highlighting:

- the Opening Ceremony of the International Year of Light Paris, France, 19-20 January 2015
- the Italian Opening Ceremony of the International Year of Light, Torino, Italy, 26 January 2015.

In a dedicated page of the SIF website you can find updated info, namely:

- a list of relevant web sites and contact addresses
- an Italian event calendar
- a news section.

Send us your news, follow us and stay tuned!
