---

This year's International School of Subnuclear Physics, which has reached its 57th edition, will take place in Erice, Italy from the 21st to the 30th of June.

The School, organized by G. 't Hooft (Director) and A. Zichichi (Director Emeritus), will gather eminent lecturers on theoretical, phenomenological and experimental physics on the most topical issues and results. Highlights from the major labs will also be presented.

The programme of the School, with details for application, can be downloaded [here](#).
